	Sidewalk, concrete, pavement	Manual or Pressure Sprayer	Alcojet	

### Alconox Deep Action Cleaner™

Food-contact cooking equipment: fryers, pots, baking pans, cooking utensils, cutting boards, countertops, stemware.

Concentrated detergent for soak and manual cleaning. Ideal for cleaning food residue, oils, grease, carbon build-up, and proteins on stainless steel, glassware, metals, plastic, ceramic, porcelain, rubber, and fiberglass.

Each 4 lb box makes up to 50 gallons of detergent.

### Alcojet Low Foaming Powdered Detergent

Food-contact cooking equipment, Stemware, Restaurant facilities.

Concentrated detergent for soak cleaning, manual cleaning and automated washing. Ideal for cleaning food residue, oils, grease, carbon build-up, and proteins on stainless steel, glassware, metals, plastic, ceramic, porcelain, rubber, and fiberglass.

Each 4 lb box makes up to 100 gallons of detergent.

### Tergazyme Enzyme Active Powdered Detergent

Raw meat and protein soils on food-contact cooking equipment.

Concentrated, manual cleaning detergent containing live enzymes to remove raw meat and protein soils from glassware, metals, plastic, ceramic, porcelain, rubber, and fiberglass with no residues remaining. USDA authorized for commercial processing facilities.

Each 4 lb box makes up to 50 gallons of detergent.

### Liquinox Precision Cleaning Liquid

Food-contact cooking equipment: pots, baking pans, cooking utensils, cutting boards, countertops, stemware.

Concentrated, phosphate-free detergent for manual and soak cleaning. Ideal for cleaning oils, grease, food residue on glassware, stainless steel, metals, plastic, ceramic, porcelain, rubber, and fiberglass. Non-irritating, mild and completely soluble in hard and soft water.

Each gallon bottle makes up to 100 gallons of detergent.

### Citranox Liquid Acid Cleaner and Detergent

Steam and hot water scale, rust, salts, starch build-up on steamers, steam tables, cook pots, rethermalizers.

Phosphate-free, concentrated cleaner and metal brightener for high performance removal of water scale, salts and starch build-up in manual and soak cleaning. Use on glass, metal, stainless steel, porcelain, ceramic, plastic, rubber and fiberglass. Can be used on soft metals such as copper, bronze, aluminum, zinc if rinsed promptly. Non-corrosive and residue free results.

Each gallon bottle makes up to 50 gallons of detergent.

### Citrajel Low Foaming Acid Detergent

Rust (metal oxides), salts, water scale.

Low foaming, phosphate-free, concentrated, liquid cleaner and metal brightener for high performance removal of metal oxides, water scale, salts and inorganic residues. Ideal for internal cleaning of stationary equipment like smoothie, frozen yogurt, ice cream, dispensing machines, coffee brewing equipment, and rust removal (at 30% concentration) in clean-in-place systems like combi ovens.

Each gallon bottle makes up to 50 gallons of detergent.

### Detojet Low Foaming Liquid Detergent

Low foaming, heavy duty alkaline detergent for use in blender containers, parts washers, ovens, power-spray systems.

Concentrated highly emulsifying and penetrating formula is completely free rinsing ensuring no detergent residues. Ideal for cleaning blender containers, food processors, parts washers, ovens and power spray systems. Protects interior working parts of washers. USDA authorized.

Each gallon bottle makes up to 200 gallons of detergent.
